CARFAX Canada No Reported Accidents™ Badge
The CARFAX Canada No Reported Accidents™ badge is based on the damage records and/or branding information reported to CARFAX Canada. The badge is available for personal vehicles that have only been registered in Canada, and were not, at the time this report was generated, declared stolen.

Future Reliability
The CARFAX Canada 3-Year Reliability Forecast predicts the likelihood of repairs for a vehicle over the next three years based on an aggregate of vehicles from the same geographic area with the same year, make, model, or generation with similar mileage, damage history, and available service records, as well as other factors. It assumes an average of approximately 24,000 km driven per year under normal driving conditions. Actual results may vary based on individual driving habits and vehicle use. Future Reliability is based only on data and service records reported to CARFAX Canada by participating data sources. CARFAX Canada does not have all records that exist for any individual vehicle, nor does it have data on all vehicles in the market. Future Reliability does not include repairs caused by motor vehicle accidents. Repairs are separate from routine maintenance, such as oil changes, and some predicted repairs may be covered under warranty. Future Reliability is a statistical prediction only and is not a guarantee of future repairs or vehicle condition. We recommend obtaining an independent mechanical inspection before purchasing any used vehicle.

This vehicle history report is compiled from multiple data sources. It is not always possible for CARFAX Canada ULC or its source data providers to obtain complete information on any one vehicle. For example, there may be other title, brands, registrations, declarations, accident information, service records, recall information, odometer readings or other information where discrepancies that apply to this vehicle are not reflected in this report. CARFAX Canada and its source data providers receive data and information from external sources believed to be reliable, but no responsibility is assumed by CARFAX Canada, its source data providers or its agents for any errors, inaccuracies or omissions. The reports are provided strictly on an as-is where-is basis, and CARFAX Canada and its source data providers further expressly disclaim all warranties, express or implied, including any warranties of timeliness, accuracy, merchantability, merchantable quality or fitness for a particular purpose regarding this report or its contents. Neither CARFAX Canada nor any of its source data providers shall be liable for any losses, expenses or damages in connection with any report or any information contained within a report, including the accuracy thereof or any delay or failure to provide a report or any information. Other information about the vehicle that is the subject matter of this vehicle history report, including problems, may not have been reported to CARFAX.
